I'll be the
one to say
it...this
isn't ideal.

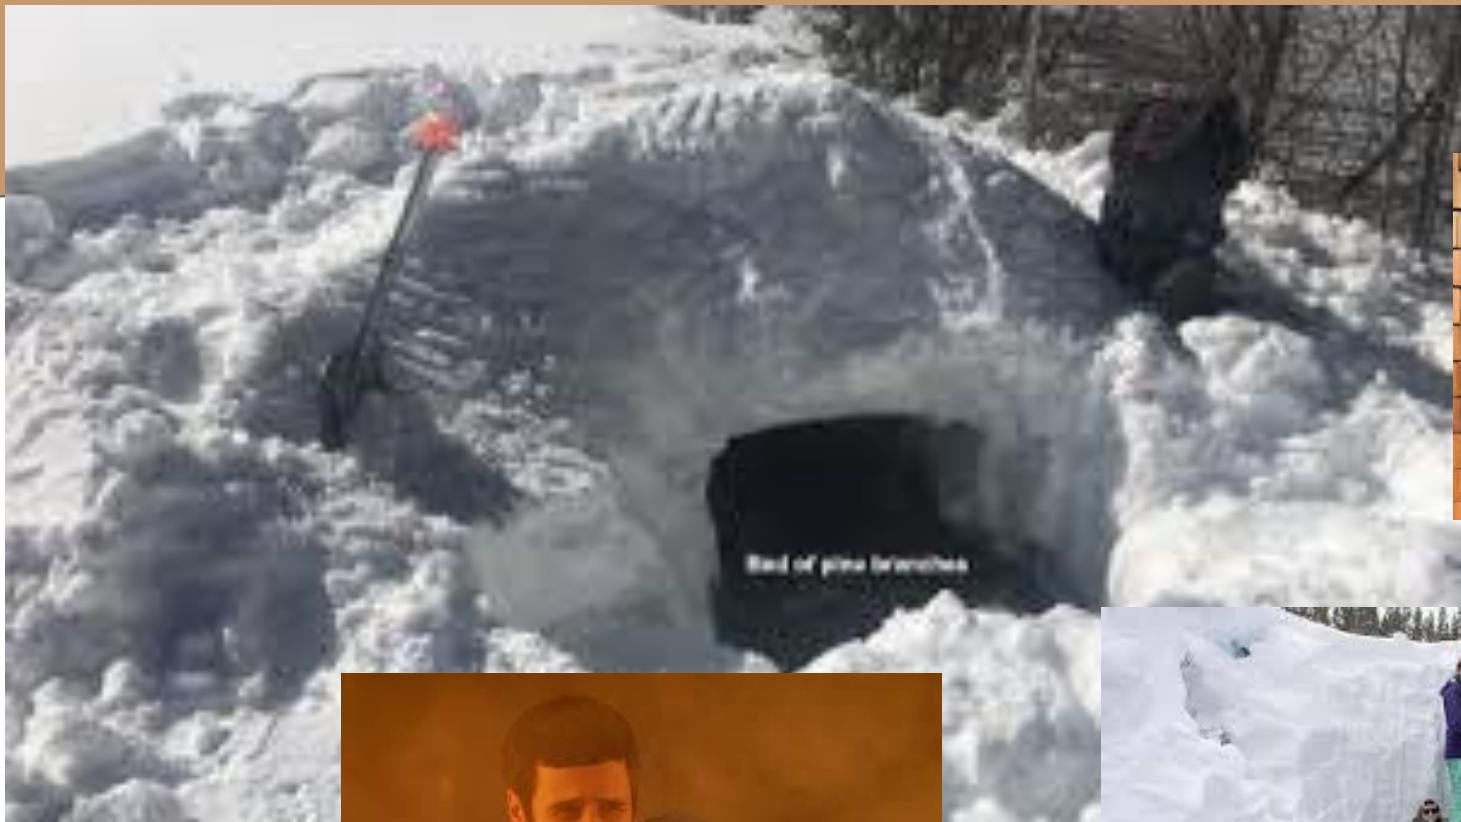

Let's a get to slaughterin'.

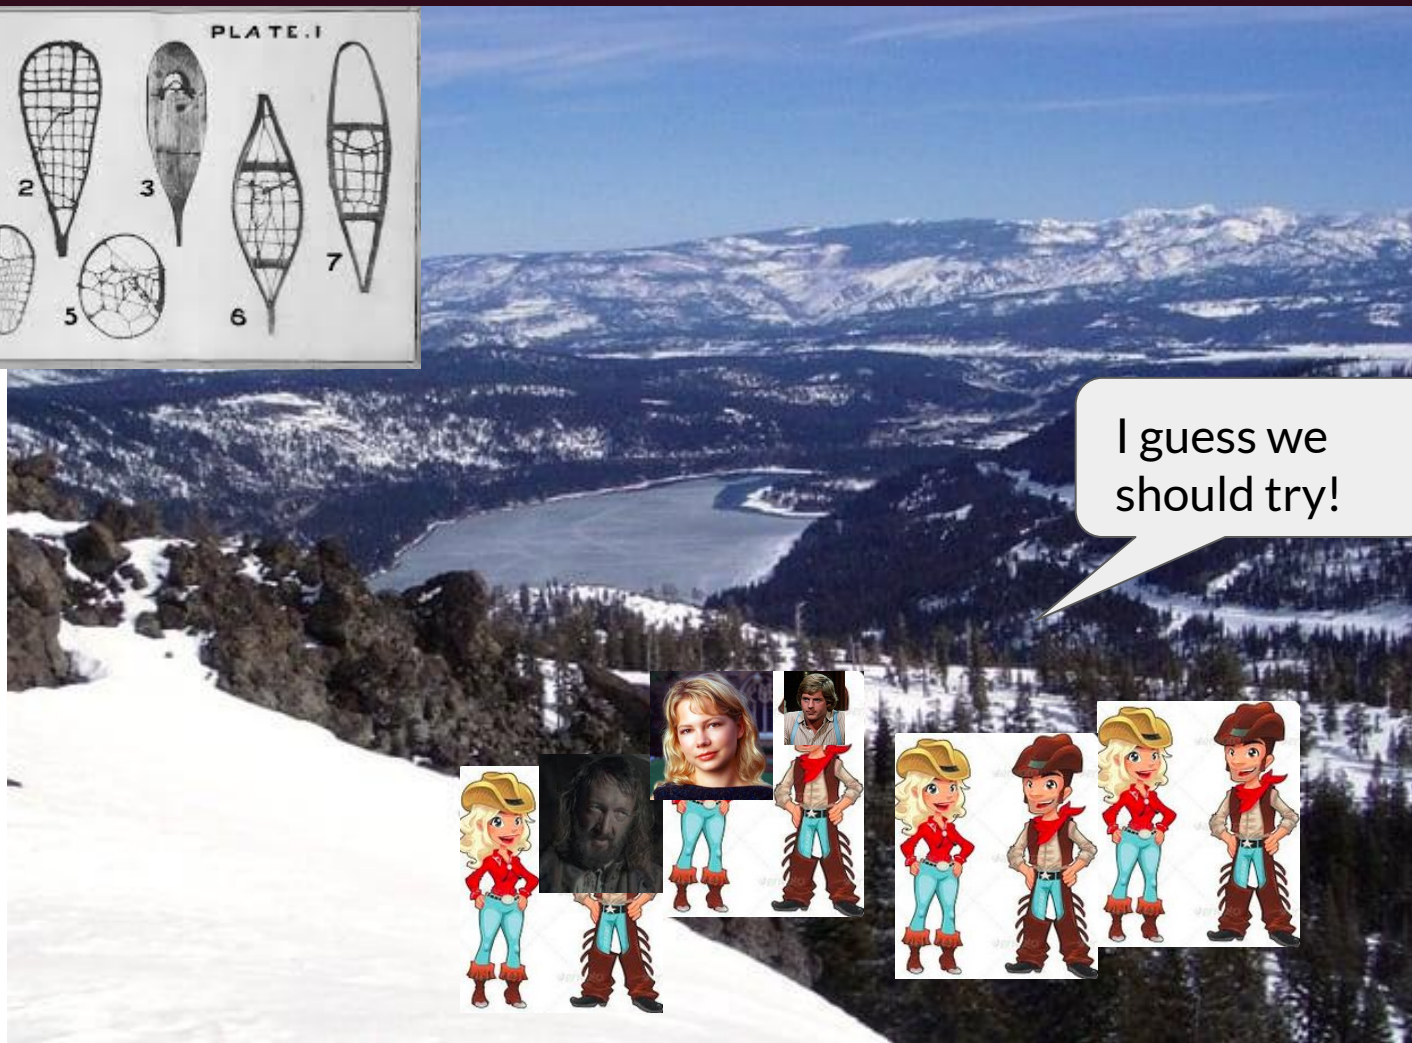

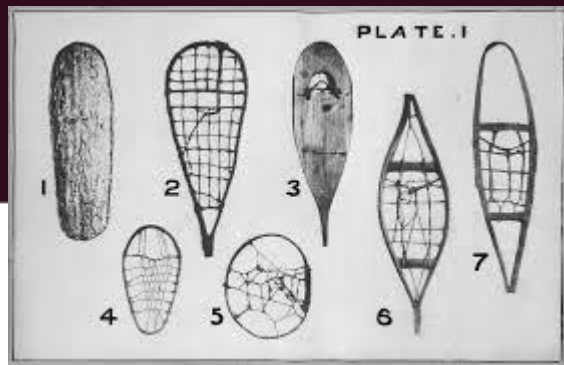

Guess we've got a
make a run of it lest
we all fucking die... oh
wait.

I guess we should try!

I'll catch
up...probably...

Pushing ahead
without a
guide seems
like a good
idea!

Hurr durr.
Going downhill
must be the
right move...is
anyone else
getting
hungry?

Eat your glue
and shit,
children. And
be thankful.

Give me my
fuuucking
mouse.

I'm pretty hungry so...what if we just...killed one of the woman. :)

I will literally kill you if you don't stop bringing that up. :)

We just killed some Native Americans, so no worries, there's food now. :)

Ok. :/

Oh, what the
actual fuck?

Smile and wave...and
absolutely don't let
them know we have
hunks of their kin in our
backpacks.

Help meeee.
